The UK's bestselling GCSE Science series has now been updated and specifically tailored for the new 2016 AQA GCSE Science (9-1) specifications. Supporting your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications, this series help students and teachers monitor progress, while supporting the increased demand, mathematical content, and new practical requirements. All Student Books have entered the AQA approval process. This Teacher Book offers: - Fully integrated and differentiated support tailored to the new 9-1 GCSE specification - Differentiated learning outcomes and checkpoints following our GCSE assessment framework - Intervention and extension Checkpoint lessons for every chapter - Full lesson suggestions, with ideas for support and extension - Practical guidance for all required practicals and more - Guidance and support for developing maths and literacy skills
