Christopher Somerville has covered the length and breadth of the UK on foot, and has written and broadcast about its history, landscape, wildlife and people for over 25 years. Now, in this extensive new volume, he selects his top 200 routes from his hugely popular Times column, A Good Walk. More than just a basic guidebook, this is a meditation on our relationship with the landscape and a celebration of all that Britain has to offer. From Cornwall to Shetland via Pembrokeshire and Barrowdale, this is the most comprehensive collection of walks in the United Kingdom available in one book, and features trails to suit all skill levels and references, whether you want a gentle ramble to the pub or something much more challenging.

Each of the featured walks contains: * Detailed description as featured in The Times column * Postcode and OS grid reference start point * Instructions on how to get there * Distance and grade so readers can suit walks to their ability, fitness and mood * Simple step-by-step walk instructions * Beautiful colour photograph for each walk * Full colour, clear and up-to-date map * Food and accommodation details for the hungry traveller. Featuring stunning photography and using Christopher's trademark wit and lyricism, this is the perfect gift for ramblers anywhere.
