MOJO: The Mobile Journalism Handbook is the first book devoted specifically to training citizens, journalism students and media professionals to produce professional-quality videos with only a mobile device. As journalism becomes increasingly competitive, students and emerging professionals need a broader skillset to make themselves more employable, whether as mainstream or entrepreneurial journalists. This book by Dr. Ivo Burum and Dr. Stephen Quinn, world experts in mobile journalism, provides comprehensive coverage of all the skills and practices needed to be a mobile journalist. Key features: * Burum and Quinn underline the importance of story and storytelling, the crucial context journalists always need to keep in mind. Other books and tutorials merely offer step-by-step guidance to mobile technology and apps.

* The book synthesizes the knowledge and more than 70 years of combined expertise of two of the world's leading mobile journalism practitioners, offering sage advice and tips from people who have trained mojos in more than 20 countries.

Companion Website: How-to videos on the companion website offer powerful ways for learners to absorb the content easily, walking them through the key mojo components of research, shooting, scripting, voice-over, editing and post-production. www.routledge.com/cw/burum Ivo Burum is an award-winning writer, director and television executive producer.

Stephen Quinn was a journalist for 20 years before he became a university professor in 1996. Dr. Quinn taught journalism in five countries until he returned to journalism in 2011 in Hong Kong.
