Organizing theories into four broad themes (Background, Emotions, Thoughts, and Actions), authors underscore key similarities and differences in each approach. Moving beyond a traditional theories book, chapters include skill development sections that connect counseling theories with clinical practice. Fully revised, this edition brings a stronger multicultural focus, includes over 400 new research references, and offers new activities to sharpen clinical understanding. The Enhanced Pearson eText features embedded video. Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content.
