Beginning with the shattering of the traditional Jewish society during the Enlightenment, Viorst covers the recent history of the Jews, from the spread of Jewish Emancipation during the French Revolution Era to the rise of the exclusionary anti-Semitism that overwhelmed Europe in the late nineteenth century. Viorst examines how Zionism was born and follows its development through the lives and ideas of its dominant leaders, who all held only one tenet in common: that Jews, for the first time in two millennia, must determine their own destiny to save themselves. But, in regards to creating a Jewish state with a military that dominates the region, Viorst argues that Israel has squandered the goodwill it enjoyed at its founding, and thus the country has put its own future on very uncertain footing. With the expertise and knowledge garnered from decades of studying this contentious region, Milton Viorst deftly exposes the risks that Israel faces today.

Gratulerer med 69 år, Israel! HER. Minnedag for falne soldater og terror-ofre. HER. Minnedag for holocaust. HER.

Hvordan takker vi vår Herre, han som gav sin Sønn.
