This superb collection of 75 classic cameras is inspired by Colin Harding's highly successful "Classic Cameras" feature in "Black & White Photography" magazine. The cameras, which are sourced from the National Media Museum in Bradford, are arranged in chronological order, with a chapter for each era and a double-page spread devoted to each camera. Each spread has a large and impressive shot of the camera in question, smaller shots of any variants, a potted history giving a fascinating insight into the camera's development and a biography and photograph of the inventor where appropriate.
