Written by the University of York project team for Salters Advanced Chemistry, this Student Book supports and extends students through the new linear course while delivering the breadth, depth, and skills needed to succeed in the new A Levels and beyond. It develops true subject knowledge while also developing essential exam skills. The fourth edition combines the Chemical Storyline and Chemical Ideas into a single, integrated volume for the first time, providing ideal support for the new specification.

The Complete Garden Bird Book:. OCR A Level Chemistry A Year 2 Revision. OCR A Level Salters' Advanced Chemistry Gale, Mark; Goodfellow.
