The story of the music that accompanies the cinematic adventures of Ian Fleming's intrepid Agent 007 is one of surprising real-life drama.

In *The Music of James Bond*, author Jon Burlingame throws open studio and courtroom doors alike to reveal the full and extraordinary history of the sounds of James Bond, spicing the story with a wealth of fascinating and previously undisclosed tales. Burlingame devotes a chapter to each Bond film, providing the backstory for the music (including a reader-friendly analysis of each score) from the last-minute creation of the now-famous "James Bond Theme" in *Dr.*

No to John Barry's trend-setting early scores for such films as *Goldfinger* and *Thunderball*. We learn how synthesizers, disco and modern electronica techniques played a role in subsequent scores, and how composer David Arnold reinvented the Bond sound for the 1990s and beyond. The book brims with behind-the-scenes anecdotes.

Burlingame examines the decades-long controversy over authorship of the Bond theme how Frank Sinatra almost sang the title song for *Moonraker* and how top artists like Shirley Bassey, Tom Jones, Paul McCartney, Carly Simon, Duran Duran, Gladys Knight, Tina Turner, and Madonna turned Bond songs into chart-topping hits. The author shares the untold stories of how Eric Clapton played guitar for *Licence to Kill*

but saw his work shelved, and how Amy Winehouse very nearly co-wrote and sang the theme for Quantum of Solace. New interviews with many Bond songwriters and composers, coupled with extensive research as well as fascinating and previously undiscovered details-temperamental artists, unexpected hits, and the convergence of great music and unforgettable imagery-make The Music of James Bond a must read for 007 buffs and all popular music fans. This paperback edition is brought up-to-date with a new chapter on Skyfall.
