Tomb raider Simon Bonner wants out of the looting game...until a mysterious crystal lens lands on his doorstep. Legend has it that this lens holds the key to the archives of man - a Mexican tomb that explains the root of all knowledge. There's just one problem - he doesn't know how to use it. Museum curator Jillian Talbot's ability to see an object's history is her secret, so when Simon approaches her, she finds it hard to believe that she's the seer of legend - that only she can unlock the mystery behind the crystal lens. Journeying into the jungles of Mexico, with evil crooks hot on their tail and a growing passion between them, every move for Jillian and Simon becomes a terrifying dance with danger.
