While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's third edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market.

The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

EY's auditors and assurance professionals can help you address your most critical financial and reporting issues relating to audits, accounting, fraud.

Outreach Event: Seeing the wood for the trees: role of disclosures? 16. mai 2017. The European Financial Reporting Advisory Group (EFRAG) and the Norwegian Accounting. Andersson, Jonas E-post: Jonas.
