Hailed by the New York Times and the Los Angeles Times as one of the best writers of his generation, Paul Beatty turns his creative eye to man's search for meaning and identity in an increasingly chaotic world. After creating the perfect beat, DJ Darky goes in search of Charles Stone, a little know avant-garde jazzman, to play over his sonic masterpiece. His quest brings him to a recently unified Berlin, where he stumbles through the city's dreamy streets ruminating about race, sex, love, Teutonic gods , the prevent defence, and Wynton Marsalis in search of his artistic-and spiritual-other.

Ferocious, bombastic, and laugh-out-loud funny, Slumberland is vintage Paul Beatty and belongs on the shelf next to Jonathan Lethem, Colson Whitehead and Junot Diaz.
